

Here is a small collection of puzzles that are "alternate takes" of six of the 50 word hunt puzzles in Puppies Begriddled!

While you won't find puzzles in the book with the letters mixed up in quite the same way as here, this will give you a very good idea of what the puzzles in the book are like.

To get this and other Begriddled books, simply search for Begriddled on Amazon.

Each puzzle hides letters that you must re-arrange to form a breed of puppy.

I'm using the word "breed" quite loosely. So while most are as listed by The Kennel Club and/or the American Kennel Club you might find the name of a common mix, or the name that most people use in practice.

So join the numbers to reveal the letters, and then rearrange them to form the puppy names.

A Begriddled puzzle is made up of a grid of numbers.

```

8 4 7 4 3 2 6 0 4 2 3 4
9 2 4 0 2 8 5 3 6 1 0 8
8 9 0 2 3 2 4 1 4 2 3 2
4 3 2 8 6 0 8 9 8 6 7 8
6 2 5 9 0 1 5 8 2 5 4 3
9 3 7 0 7 2 8 9 0 2 1 2
    
```

Simply join every pair of numbers in the puzzle that are next to each other in any direction, and which are next to each other in the sequence 0-1-2-3-4-5-6-7-8-9-0.

```

8 4 7 4 3 2 6 0 4 2 3 4
9 2 4 0 2 8 5 3 6 1 0 8
8 9 0 2 3 2 4 1 4 2 3 2
4 3 2 8 6 0 8 9 8 6 7 8
6 2 5 9 0 1 5 8 2 5 4 3
9 3 7 0 7 2 8 9 0 2 1 2
    
```

The letters in the puzzles are jumbled up and many rotated or even mirrored. But they never touch.

```

9 8 5 8 3 1 9 1 9 2 9 6
0 7 4 1 6 5 6 3 6 7 8 2
1 6 5 8 9 0 5 8 9 0 7 5
9 3 2 3 8 3 6 1 8 3 2 1
5 7 1 8 7 6 2 8 7 6 9 0
7 9 0 1 4 9 0 1 3 1 2 1
    
```

Here are all the possible letter shapes. As you can see, except for rotation, C and U are the same, as are H and I, M and W, and N and Z.

```

A B C D E F G
H I J K L M N
O P Q R S T U
V W X Y Z
    
```

To see the solution for a puzzle, visit

www.begriddled.com/solutions

and enter the 6-letter code under the puzzle.

Alternatively, scan the QR code to be taken straight to it.

The solution page shows the lines drawn in at the top. Click the link under that to see the word solution.

The book contains full solutions so you don't need to go online to look them up. But you can also view them online as you can here, so you can avoid seeing solutions you don't want to.

The book itself also includes all the puppy names there are to find. This little collection doesn't. But these are all well-known breeds so once you find all the letters in a puzzle, you should be able to work out the name OK.

If you buy the book (or any of my Begriddled books), you'll be doing me a great favour if you write a review. It doesn't have to be long - just put what you think. I just hope you'll be kind :)
